INTRODUCTION

The volume herewith presented constitutes R. L. Polk & Co.'s Sacramento Directory for 1927. The publishers have endeavored to produce a volume combining all that is vital in the civic, social and industrial life and activity of Sacramento.

A careful enumeration of the citizens and business interests of the community and a compilation of the result by trained employees assures as correct and reliable a work of its character as is possible to be produced. The publishers have an organization solely devoted to the publication of directories, and their methods and resources are unrivalled. Their imprint on the hundreds of directories published for cities throughout the country attests the quality and reliability of their product. Directories are an essential and indispensable means of reference and an index to what is in a community. They portray it as it actually is and they are the only means whereby its various features can be learned by the general public throughout the country.

The several essential departments of the Directory are set forth in the order following:

THE MISCELLANEOUS DEPARTMENT, pages 13 to 20, include data concerning city and county officials, churches, clubs, associations, schools, societies, parks, public buildings and halls, secret and benevolent societies, etc.

THE BUYERS' GUIDE, pages 29 to 86, contains the advertisements of the leading and progressive business men and concerns alphabetically arranged under headings adapted to the class of business conducted. This feature is printed on tinted paper.

THE ALPHABETICAL LIST OF NAMES OF CITIZENS, business firms and corporations is embraced in pages 89 to 603.

THE STREET AND AVENUE GUIDE AND DIRECTORY OF HOUSEHOLDERS extends from pages 605 to 780.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 803 to 888 and shows the various manufacturing, mercantile and professional occupations, compiled under headings appropriate to the class of business pursued. This department will be appreciated as a special trade directory. The directory is the common intermediary between buyer and seller.

Sacramento Facts and History

AGRICULTURAL
Sacramento Region produces 40% of the total value of agricultural products in the State of California.

INDUSTRIAL
Number of Manufacturing Plants:
1919..... 284
1926.....420
Annual value Manufactured Products: $64,000,000.00

LOCATION
Geographic and economic distribution center of the Sacramento Region, composed of twenty-one counties possessing over fifty per cent of the water resources of the State of California, rich agricultural lands and diversified industrial resources including lumber and industrial mineral deposits.

RAW MATERIALS
Center of great producing area including the widest diversification of resources in the State.

TRANSPORTATION
Two transcontinental railroads. Four interurban electric lines. Four Sacramento River steamer lines, 268 vessels. Eleven motor stage lines. Ten motor truck lines.

POWER
Abundance of electric power at low rates.

WATER
Excellent municipal water supply in abundance at lowest rates in United States.

AVAILABLE SITES
Excellent locations on rail and water or both, available at reasonable cost.

MUNICIPAL CONDITIONS
Low tax rates, excellent housing conditions, progressive city government providing ample facilities for industrial expansion.

LABOR
Largest labor market west of Chicago with excellent relations prevailing.

OPPORTUNITY
A sound, prosperous, expanding section of California with increasing markets.

The Sacramento Chamber of Commerce

Is at your service for further information

SACRAMENTO, the "Heart of California" and the capital city of the State, is located at the confluence of the Sacramento and American rivers, in the center of the great agricultural and mineral producing area of California. With the background of a glorious history in which the city became the cradle of American civilization on the Pacific Coast, Sacramento, through her years of civic and commercial progress, has maintained leadership among the cities of the West.

The close of the year 1926 marked a five-year period of development not matched by any previous twenty-year period in the history of the city. This was due in part to the progress of the Sacramento Valley and Mountain counties, and also to the large program of municipal development undertaken by the citizens themselves through their municipal government. During this period approximately $60,000,000 was expended on improvements in building permits, bond funds, municipal budgets and allied activities.

The opening of the civic auditorium early in 1927 marks the conclusion of an unit of development undertaken by the city government in which vast extensions of the services rendered by the city were made. In 1926 the citizens voted another development unit of nearly $2,000,000 for further municipal service extensions.

Sacramento has graduated from the ordinary capital city to a thriving metropolis of 105,000.

The westward movement of population has found Sacramento one of the beautiful cities of the Golden State, a comfortable and prosperous community in which to live.

The city is built on a level plain with an irea of fourteen square miles. The climate is semi-tropical with an average mean temperature of sixty degrees.

Sacramento's streets are wide and have been made attractive by trees. There are eleven municipal parks containing more than one thousand acres.

Sacramento is the home of the California State Fair which is known as the best exposition of its kind in point of exhibits of agricultural products.

Sacramento has many historical points of interest including Sutter Fort, State Capitol and the Crocker Art Gallery.

Sacramento's school system is recognized as one of the best in the United States. New buildings have been provided including a new main high school and a new junior college. Several new hospitals, both public and private, have been constructed.

Sacramento's industrial development has been remarkable. There are now 420 industrial plants in the city. The principal industry is that of the canning and pre-

STATE CAPITOL BUILDING

serving of fresh fruits and vegetables, and Sacramento is now recognized as the canning center of California.

This is due to the fact that the Sacramento area is the largest deciduous fruit producing section in the world. In 1926, 3,147,000 cases of fruits and vegetables were canned in the Sacramento plants.

Sacramento is the banking center of interior California, being served by seven state banks with four branches and four national banks. The bank clearings in 1926 were approximately $450,000,000.

HISTORY

With dreams of a great agricultural empire and holding a land grant from the Mexican government, John A. Sutter sailed up the Sacramento River in August, 1839, and founded the settlement now known as Sacramento. He made friends with the Indians, erected a fort, and soon became prosperous as the head of an agricultural, grain and cattle industry. The discovery of gold at Sutter's mill in Coloma, sixty miles distant, by James Marshall, proved the ruin of Sutter's fortune and the beginning of the rapid growth of Sacramento as the Mecca for the gold seekers in the rush that followed. Sutter's men all deserted him for the mines, he was overrun by the hordes of fortune hunters that soon appeared, and his fortune waned, but his fondest dream of an agricultural empire lived on and has been realized far beyond his expectations.

Sacramento became the distributing center for the mines, and although the city suffered many reverses in its early history, such as floods, epidemics, and fires, these difficulties were overcome and the city now stands entirely free from such dangers. Sacramento became the State Capital in 1854 and was chartered as a city in 1863.

THE SACRAMENTO CHAMBER OF COMMERCE

This organization is the active representative of the commercial, industrial, financial and civic interests of Sacramento in promoting its welfare and prosperity. It is equipped to supply complete and authentic information on all matters relating to Sacramento and Northern California. The chamber maintains an Industrial Department, Agricultural Department, Tourist Bureau, Convention Department and a Mining Department for this purpose. Arthur S. Dudley is Secretary-Manager. The chamber occupies its own building at 917 Seventh Street.

The New Amalgamated Bank Building 7th and J Sacramento

A Most Complete Banking Service!

Two of the oldest banks of Sacramento—The California National Bank and The National Bank of D. O. Mills and Co.—have amalgamated, forming one of the strongest and most progressive banking institutions in Interior California.

Established 1849

D. O. Mills Bank —oldest west of the Mississippi— Amalgamated with The California National Bank

Owned by "home folks," the amalgamated bank offers every service and protection to its thousands of depositors. The California National Bank and The California Trust and Savings Bank are under one ownership and one management and include these departments:

Commercial — Savings
Trusts — Bonds
Safety Deposit — Foreign Exchange
Steamship Tickets

Turns to the Advertising Department covering the Desired Business and selects certain names and addresses.

Will He Find Your Advertisement There?

If not, you lose the business, and your competitor gets it through his advertisement in the Directory.

FIRM ABBREVIATIONS

G W P Co	Great Western Power Co
P G & E Co	Pacific Gas and Electric Co
P T & T Co	Pacific Telephone & Telegraph Co
S F D	Sacramento Fire Dpeartment
S N Ry	Sacramento Northern Railway
S O Co	Standard Oil Co
S P Co	Southern Pacific Co
W P Ry	Western Pacific Railway

RECORDS 200% MORE EFFICIENT

Kardex has yet to find a record-keeping problem it cannot solve—and always at a saving. Whether it be sales, stock, personnel, budget, credit, ledger or any other record of modern business, Kardex can improve it.

SECOND FLOOR, CALIFORNIA STATE LIFE BLDG.
10th at J
Suite 209-210-211 Phone Main 953

Over Twenty-five Years in Business Now Located On the Second Floor of This Fine Building

A Cordial Invitation Extended To Visit This Modern Tailoring Establishment

When You Step Across The Threshold

into the establishment of STRAUB you are an individual with the privilege of preference.

You make your selection from exclusive fabrics of distinctive pattern; you are fitted to your personal measurements instead of being standardized as a "size"; and, this is important, you do not accept the style as others see it, but effective use is made of those features best suited to your personal type.

STRAUB will gladly discuss this with you

RECORDS 200% MORE EFFICIENT

Kardex has yet to find a record-keeping problem it cannot solve—and always at a saving. Whether it be sales, stock, personnel, budget, credit, ledger or any other record of modern business, Kardex can improve it.

J. L. Hill, Jr., Richmond.
H. J. Farnham, New Haven.
Llew. Williams, Jr., Cincinnati.
H. A. Manning, Springfield.
J. Martin Gardner, Toronto.
A. B. Boyd, Reading.

General Offices: 524-528 Broadway, New York City

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising. to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

RECORDS 200% MORE EFFICIENT

Kardex has yet to find a record-keeping problem it cannot solve—and always at a saving. Whether it be sales, stock, personnel, budget, credit, ledger or any other record of modern business, Kardex can improve it.

RECORDS 200% MORE EFFICIENT

Kardex has yet to find a record-keeping problem it cannot solve—and always at a saving. Whether it be sales, stock, personnel, budget, credit, ledger or any other record of modern business, Kardex can improve it.

RECORDS 200% MORE EFFICIENT

Kardex has yet to find a record-keeping problem it cannot solve—and always at a saving. Whether it be sales, stock, personnel, budget, credit, ledger or any other record of modern business, Kardex can improve it.

RECORDS 200% MORE EFFICIENT

Kardex has yet to find a record-keeping problem it cannot solve—and always at a saving. Whether it be sales, stock, personnel, budget, credit, ledger or any other record of modern business, Kardex can improve it.

When People "Want"!!
THEY LOOK IN THE
CITY DIRECTORY
(CLASSIFIED SECTION)

¶ Is your name under the commodity they seek?

¶ If not, that opportunity of routing valuable business to you is lost. It's about the same as if you kept one of your entrance doors locked.

¶ Hadn't you better investigate your omnipresent city directory, and convince yourself of how it can help your business?

SACRAMENTO DIRECTORY CO'S

NORTH SACRAMENTO CITY DIRECTORY 1927

SACRAMENTO DIRECTORY CO., Publishers

A THUMB NAIL SKETCH OF NORTH SACRAMENTO

(By North Sacramento Chamber of Commerce)

Subdivided out of original Rancho Del Paso, or Haggin Grant, in 1910, and incorporated in 1924, North Sacramento has grown from a grain field to a town of 3300 in sixteen years.

The contiguous territory comprising the areas known as Hagginwood, Woodlake, Rio Linda, and Robla support a population in excess of 10,000.

Since incorporation approximately $200,000 has been expended in street improvement alone and this includes Del Paso Boulevard, 100 feet wide, traversing the central portion of the town. A modern, sanitary sewer system has just been completed, connecting with every part of the town.

The North Sacramento School District comprises four modern, well-equipped schools, employing thirty teachers at present and being attended by more than one thousand children.

The spiritual needs of the community are cared for by four churches: Methodist, Nazarene, Roman Catholic and Bethel-Lutheran. The social life is represented by the Woman's Club, Rotary and Exchange Clubs. The Masons, Odd Fellows and Modern Woodmen are represented by their lodges. The North Sacramento Chamber of Commerce is, of course, representative of all, and has been the moving force behind all improvements and developments since before the incorporation of the town. It is equipped to supply complete and reliable information on all matters relating to the entire district.

One of the outstanding advantages of North Sacramento is its water supply. Pumped from deep wells it has shown a continuous record for purity surpassed only by the purest of high mountain springs.

Located between the converging lines of the Western Pacific and Southern Pacific and traversed by the Sacramento Northern Railroad, North Sacramento offers the manufacturer the best sites for industrial enterprise in Northern California. Among those located here are the Swanston Packing Co., operating one of the largest meat packing establishments on the Pacific Coast; Cannon & Co., a large manufacturer and distributor of common and faced brick, tile, etc.; Essex Lumber Company, the western branch of the American Lead Pencil Co., employing about 120 people; the Golden Gate Ink Co., manufacturing ink, mucilage and pastes; besides a brooder factory, furniture factory and several other smaller enterprises.

North Sacramento local traffic is served by the Sacramento Northern Railroad and the North Sacramento Stage Line which latter operates a schedule of forty round trips daily to and from Sacramento.

The volunteer fire department has twenty-five men under call.

North Sacramento is seven minutes from the center of Sacramento over a broad, concrete highway, and is three miles from Del Paso Park, the 800-acre public park of the City of Sacramento, containing one of the finest municipal golf courses in California.

It has a newspaper of general circulation and the homeseeker will find modern, well-stocked stores to satisfy every demand, and including a branch of one of the largest banking institution in the City of Sacramento.

MISCELLANEOUS INFORMATION

For information not found in this department see regular Alphabetical Section or under proper heading in Classified Business Directory.

Directory and Reference Media

THE reference medium or directory, whether it is a city directory, state gazetteer or a business directory, ties up closely with other forms of advertising. It is distinguished from the creative style of advertising in that it is **passive** while the buyer is **active.** On the other hand, the creative advertising in newspapers, magazines, trade papers, etc., is active while the buyer is passive.

Both are necessary in a well-rounded campaign. The function of creative advertising is to make people want what they did not want before, and to educate them to the point where they are conscious of that want. Reference advertising is an aid at the critical time when the initiative has passed from the seller to the buyer; when the desire to buy is strong, and the question is whether the prospect will buy the advertised article, another brand, or cool off altogether while waiting for the "catalog and name of nearest dealer." If the advertisement which suggested the want can be supplemented by another directing the prospect to the place where he can see the goods, the efficiency of the entire advertising expenditure will be greatly increased.

The directory has a 100 per cent prospect circulation inasmuch as its very nature makes it sell only where it will be used. Its circulation is not so much gauged by the number of copies sold as by the number of people who consult it. There are directory libraries maintained throughout the country for reference purposes, and in them may be found all the most important directories published. Surprise is often expressed by librarians at the number of people who are constantly consulting these sources of information.

There are many kinds of directories and "catalogs," each covering some trade, or locality, or group interest, in which organized information may be found that is useful to the buyer. In every buying center the local directory presents a medium of universal accessibility. For over a hundred years people have been accustomed to refer to it as a logical place to find certain kinds of information. A system of exchange enables each publisher to offer free access to a file of the latest issues of directories from all over the country. This gives every local advertisement a nation-wide accessibility.

The long life of a directory advertisement is a strong point in its favor. It has an existence of 365 days and sometimes twice that, depending on the frequency of issue. It is always kept where it can be found by the buyer when he wants it.

It has a strong appeal for institutional advertising, as reputable publications give prestige to the advertisers who patronize them. It is a significant fact that from 80 to 90 per cent of the advertising in these publications is renewed year after year.
